

REMARKS

Reconsideration of the application in view of the above amendments and the following remarks is respectfully requested.

The Examiner required a more specific title for the invention. The title has been amended herewith.

The Examiner required correction of the typographical error in Claim 2. This correction has been made.

The Examiner required change "the bridge" in Claim 8, Line 1 to --a bridge—. In view of the fact that the recitation of "the bridge" on Line 1 of Claim 8 is part of the recitation of the "the bridge controller" also recited on Line 1 of Claims 1-7, Applicants assume the Examiner meant the recitation of the "the bridge" on Line 2 of Claim 8, and that recitation has been amended.

Accordingly, Applicants believe the Application, as amended, is in condition for allowance, and such action is respectfully requested.

Respectfully submitted,

Texas Instruments Incorporated
